

COVID-19 VACCINATION POLICY

The number one priority of Deaf Advocacy, Sports and Recreation ACT (DeafACT) Inc. (ABN 25 826 092 369) is the health and safety of our event participants. Our goal is to hold a safe event, recognizing it is not possible to remove all risks, in particular concerning COVID-19.

DeafACT will put required measures in place to provide a safe environment for its event attendees. Policies for each meeting will be set according to public health recommendations and regulations applicable at the time of the event, and what DeafACT deems necessary to manage the risk for its event attendees. DeafACT may change, update, or add to these requirements at any time as it deems prudent to best protect the health and safety of attendees and others, and attendees must comply with relevant policies and requirements as communicated by DeafACT.

DeafACT cannot be held liable for COVID-19 cases arising because of event attendance.

To protect our more vulnerable event attendees, we request all attendees to be fully vaccinated against COVID-19.

Event attendees will be expected to take common actions to reduce the risk of COVID transmission and to behave responsibly (including leaving the event area) in case of exposure to a COVID case or experiencing symptoms.
